The St. Johns County Transportation Disadvantaged Program

*Prepared by the
Northeast Florida
Regional Council*

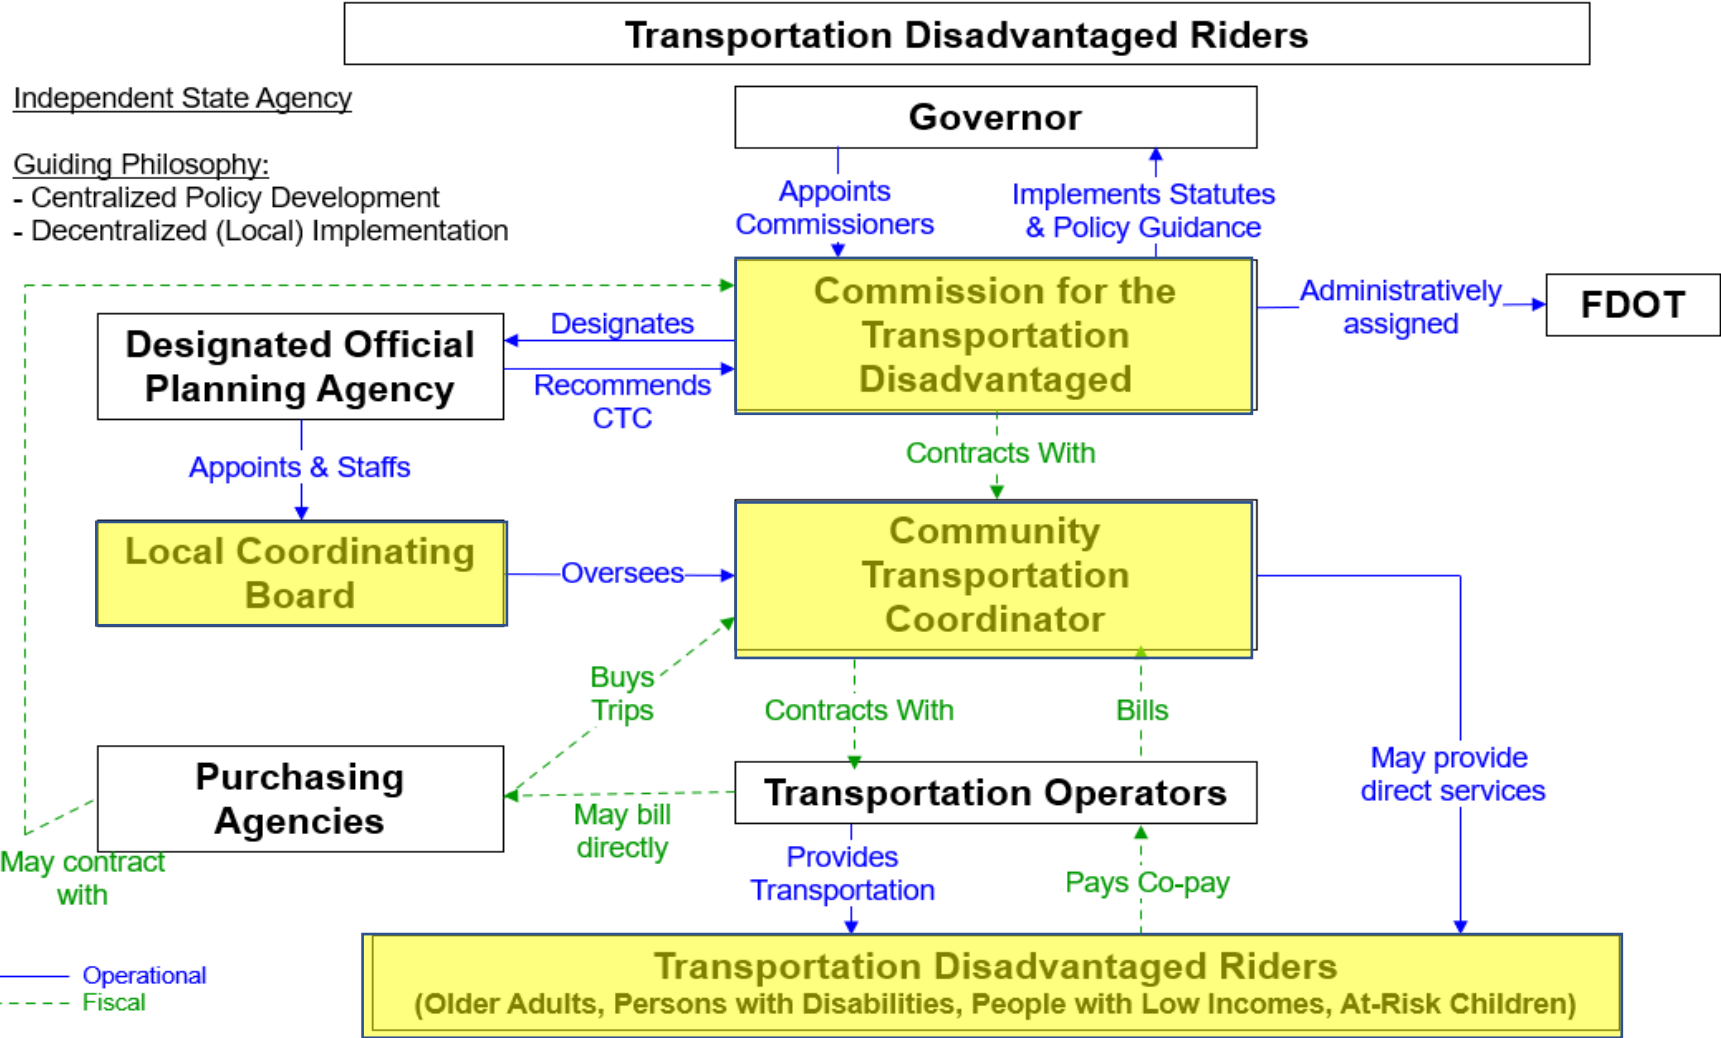

Key Definitions & Governing Statues of Program

Florida State Legislature created the Transportation Disadvantaged Commission (CTD) and Transportation Disadvantaged (TD) Trust Fund in 1989.

What is Transportation Disadvantaged?

- “Transportation disadvantaged” means those persons who because of physical or mental disability, income status, or age are unable to transport themselves or to purchase transportation and are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities, or children who are handicapped or high-risk or at-risk as defined in s. 411.202. (F.S)”
427.011 (F.S)
- The Transportation Disadvantaged Program is a coordinated state-wide effort that groups riders together for a shared ride service. Transportation services are available in all 67 Florida counties for those who are eligible and have no access to transportation. Federal, State, and Local agencies join together to provide necessary transportation to medical appointments, employment, educational, and other life-sustaining services.
